

CON CON DELEGATES TURN DOWN PLAN

ONE VOTE LACKING FOR RESTRICTION OF COOK COUNTY

Delegate Barr Changes His Vote and Will Bring the Proposal Up Again Today—Two Members Leave Hospitals to Attend the Session—Woodward Joins in the Fight

SPRINGFIELD, Ill., Feb. 1.—Lacking only one vote for adoption, the "county representation plan" of restricting Cook county in the legislature was rejected by the constitutional convention tonight but was saved from final defeat when Delegate Barr of Joliet, leader of the restrictionists changed his vote in order to bring the proposal up for reconsideration tomorrow.

The proposal received 51 votes on the roll call. Jumping to his feet before the vote was announced Delegate Barr changed his vote from "aye" to "nay" and moved reconsideration of the proposition tomorrow. The vote was then announced as 50 for the plan and 31 against it. Several known opponents of the measure were absent.

A caucus of the "restrictionists" was called immediately after adjournment in the eleventh hour effort to save the proposal from defeat.

WANT ALLIANCE OF MINERS AND RAILROAD MEN

Propose Joint Fight on Wage Scale Reductions

INDIANAPOLIS, Ind., Feb. 1.—Renewal of efforts to form an alliance of coal miners and railroad workers the two largest labor groups in the United States was sought today by John L. Lewis, president of the United Mine Workers for the avowed purpose of bringing two million workers together "in resistance to proposed attacks on wage scales."

In letters sent to officers of 16 railroad unions, Mr. Lewis invited the railroad men to confer with the miners' officials at the earliest possible date.

Mr. Lewis also issued a formal statement asserting that the railroad men were facing efforts to enforce further unwarranted wage cuts on them, and that "certain interests are seeking wage reductions in the coal industry."

At least two million workers would be joined together by the alliance, Mr. Lewis said in discussing the proposal. He placed the membership of the miners union at 500,000 and the combined membership of the railroad unions at 1,500,000 to 1,750,000. Mr. Lewis denied that the alliance sought to compete with the American Federation of Labor.

NAME OF KENYON'S SUCCESSOR UNKNOWN

DES MOINES, Iowa, Feb. 1.—Governor N. S. Kendall announced late today that he has had no conference, correspondence or word, direct or indirect with or from either President Harding or Senator W. S. Kenyon, regarding the appointment of a successor to the latter's seat in the senate.

"This unqualified statement," Governor Kendall declared should put an end to reports and rumors that Senator Kenyon's acceptance of a federal circuit judgeship was conditioned upon his appointing a successor to his senate seat that was agreeable to him or anyone else.

The names of a score of prospective candidates were presented to Governor Kendall today by their friends. Governor Kendall is said to have received these recommendations without comment.

WANT EQUAL PAY FOR ARMY FLIERS

WASHINGTON, Feb. 1.—Legislation that would place all aviation officers of the navy and marine corps on the same pay status as army fliers was urged today by Secretary Denby in a letter to Speaker Gillett.

Army officers, irrespective of rank receive extra pay for flying, while only those in the navy with a rank or commander or under or in the marine corps with rank major or less receive extra compensation, he said.

ANOTHER OFFER IS RECEIVED BY SECRETARY WEEKS

F. E. Engstrom of Wilmington, N. C., is the Bidder

WASHINGTON, Feb. 1.—On the eve of delivery to congress by Secretary Weeks of Henry Ford's offer for the government properties at Muscle Shoals, Ala., F. E. Engstrom, of Wilmington, N. C., presented the secretary with an amended proposal to complete, lease and operate the Muscle Shoals properties for the manufacture of nitrates for fertilizers.

The amended proposal was accompanied by a letter signed by Marion Butler, acting legal adviser for Mr. Engstrom which recited the outstanding features of the proposal as follows:

A guaranteed cost to complete. Government retains ownerships and preserves assets of \$141,000,000. Returns from investment on a basis of 400,000 kilowatt gross development. This lease will pay to the government, the letter says, \$3,504,000 per year for 50 years or a total at compound four percent interest of approximately \$537,000,000; this cash will be used to produce cheap nitrates for fertilizers or can be turned into the treasury at the option of the government.

Success of nitrate manufacture which can be economically used for fertilizer is dependent entirely on sale of power, without the support of the power development and sale of excess power to finance the nitrate plants it would not be possible to continue the manufacture and sale of nitrates.

The power end of the industry is solely developed for the benefit of the factory. The separation of the factory from the power destroys the unity of the industry. This lease proposes to devote the entire power development to the manufacture of nitrates, including the development of improved methods for the reduction of cost of producing nitrates.

The quantity of nitrates annually produced is limited only by the amount of excess power sold and the selling price of nitrates fixed by the government.

The methods proposed to finance by the sale of excess power the manufacture of nitrates is the only possible method by which nitrates can be produced under present known methods and sold to the American farmers at a price less than the Chilean products.

MUCH MONEY SPENT OPPOSING FARMERS

WASHINGTON, Feb. 1.—The National Grain Dealers association spent \$72,657 in six months of last year in combatting the farmers' cooperative marketing movement, Charles Quinn of Toledo, Ohio, secretary of the association testified today before a senate committee investigating the "bizarre schemes" of the grain growers' organization. He said a special committee headed by R. I. Mansfield, a Chicago grain dealer was charged with the expenditures but recently had closed its books.

Mr. Quinn told the committee this was all the association had spent thus far to educate the farmers as to the "evils of cooperative marketing" and the "bizarre schemes" of the grain growers' organization. He said a special committee headed by R. I. Mansfield, a Chicago grain dealer was charged with the expenditures but recently had closed its books.

PENSION INCREASES BEING CONSIDERED

WASHINGTON, Feb. 1.—Pensions of widows and dependent children of men who served in the army or navy during the war with Spain, the Philippine Islands or the China relief expedition of 1900 would be increased from twelve dollars to twenty dollars a month, under a bill passed today by the house and sent to the senate.

The bill also increases the number eligible for pension by providing that the ninety day service requirement does not mean 90 days' duty outside the continental United States. Enforced furloughs the bill provides are to be included as part of a soldier's service.

FRANCE MAKES PAYMENT ON SURPLUS WAR SUPPLIES

WASHINGTON, Feb. 1.—Payment of \$10,000,000 on surplus supplies purchased after the war was made to this country today by France.

The payment was the third installment of semi-annual interest on the \$400,000,000 debt created by the liquidation commission.

VARIOUS TARIFF VALUATION PLANS UNDER DISCUSSION

Committee Seems Unable to Come to Any Agreement

(By The Associated Press)

WASHINGTON, Feb. 1.—Half a dozen or more experts discussed the various tariff valuation plans for several hours today before Republican members of the senate finance committee, but at the finish sentiment among the senators apparently was no nearer crystallization than it was before.

The discussion was behind closed doors, was said to have covered the whole range of plans suggested including that in the Fordney bill which was endorsed in a memorial adopted by national association of manufacturers yesterday. The experts still are divided as between the several proposals and some senators said that after listening to their statements they were, if anything less determined as to which plan should be adopted.

The majority members expect to get thru with the specific rates in a short time. They have been converting ad valorem duties into specific wherever possible with a view to making more simple the administration of the law and some estimated that fifteen percent of the ad valorem rates had been so converted.

ASK ACCEPTANCE OF THE PROPOSED WATERWAY REPORT

Would Link Great Lakes with Montreal via St. Lawrence

(By The Associated Press)

WASHINGTON, Feb. 1.—Acceptance by congress of the report of the international joint commission on the Great Lakes-St. Lawrence waterway is proposed in a bill introduced today by Representative Mapes, Michigan, a Republican of the house commerce committee.

Representative Mapes proposes that the commission's recommendation be adopted by congress subject to further diplomatic negotiations between the United States and Canada and such action by the appropriate legislative bodies of the two governments as may be necessary. The measure also would authorize and require the president to enter into negotiations with Canada for the purpose of establishing an international board of engineers to work out and report within one year detailed plans and specifications for the constructions, operations and control of the waterways.

The United States and Canada would have equal representation on the board and would share expenses equally.

The Mapes' bill stipulates that the improvement provide a channel not less than thirty feet deep thru the new Welland canal, between Lake Erie and Lake Ontario and in the St. Lawrence river between Lake Ontario and Montreal.

TALK RESTORATION OF CHINA'S TERRITORY

WASHINGTON, Feb. 1.—France stands ready to restore to China the leased territory of Kwangchow-Wan, irrespective of what other countries may do with reference to leased areas, M. Sarraut, the senior French delegate to the conference said tonight. He explained that France's position had not really changed on this question since December 3, when M. Viviani declared that France was ready to take part in a collective restitution of Chinese territories on the understanding that all private rights would be safeguarded and that the conditions of restoration would be arranged between the government of China and each one of the interested governments.

FAMOUS SKIPPER PASSES AWAY

ISLIP, N. Y., Feb. 1.—Captain Harry P. Haff, 61, famous skipper, who before the war sailed Vanie in trials to determine whether she or Resolute should defend the American cup, is dead.

He was the son of the late Captain Harry C. Haff, who sailed Volunteer which retained the America's cup for the United States.

FIVE PER CENT BONDS GO AT PREMIUM

JACKSON, Mich., Feb. 1.—The Harris Trust & Savings Bank of Chicago today was awarded an issue of \$105,000 replacement bonds of the city of Jackson, drawing five per cent. The winning bidder offered a premium of \$7,625. There were 14 bids, four from Chicago, five from Detroit, four from Toledo, and one from New York.

ENGINEERING AND WORK ARE BOTH FAULTY

This is Report in Probe of Theater Disaster

(By The Associated Press)

WASHINGTON, Feb. 1.—Bad engineering with cheap and faulty construction was held responsible for the collapse of the roof of the Knickerbocker Theater and the resultant loss of nearly a hundred lives by Senator Capper of Kansas in a statement issued today after an investigation of the ruins of the ill-fated structure.

"Government engineers on the ground told me," said Senator Capper's statement, "that none of the bearings or truss or beams upon the walls were anchored or fastened to the walls, which in my judgment was a fundamental error in such construction because any unusual disturbing cause might gradually slip the beams from their support. If the main truss had extended farther into the wall so that by any bending it would not have pulled from its support the truss would not have slipped off the supporting lintel and the catastrophe would have been averted."

Coincidentally, Senator Capper's statement the American Association of Engineers thru its office here issued a statement in which it declared the disaster "was evidently due to either faulty design or construction which would not have existed had licensed engineers or architects supervised the work."

Other developments in the various investigations today was an announcement from Coroner Nevitt that he would inaugurate the inquest to be held over the bodies of two theater victims next Tuesday and a conference between District Attorney Gordon and the two army officers detailed to assist him preparatory to presentation of the matter to the grand jury.

Investigations by the senate District of Columbia committee probably will be delayed until other inquiries by the local authorities are completed. The committee today decided that it would take no steps toward reporting the Capper resolution until such inquiries are underway show developments.

Three more messages of condolence from diplomatic representatives of foreign governments in Washington on the tragedy were received today by Secretary Hughes.

The expression of sympathy came from Arthur J. Balfour head of the British delegation to the Washington conference, Minister de Cospeddes of Cuba and Minister Sze of China.

NEW TREASURY NOTES NET HUGE AMOUNT

(By The Associated Press)

WASHINGTON, Feb. 1.—Subscriptions to the treasury's new issue of four and three quarters per cent three year notes date Feb. 1, aggregated over \$1,200,000,000, Secretary Mellon announced tonight.

The issue, he added, was for about \$400,000,000 but the total amount of this series of notes allotted will be about \$600,000,000 of which about \$200,000,000 will be additional notes allotted on subscriptions for which payment was tendered in victory notes under the terms of the offering which reserved the right to allot notes for that purpose.

CHILD'S SLED NOT A PLEASURE VEHICLE

NEW YORK, Feb. 1.—A child's sled is not a pleasure vehicle, Magistrate Hatting ruled today. He found Jacob Elmer and Harry Yarshinsky, fathers, guilty of violating a city ordinance by drawing their progeny thru Central Park on sleds but suspended sentence. The ordinance prohibits all but pleasure vehicles on the park driveways.

PREFERRED HIS LUNCH TO REPORTING SUICIDES

St. Louis, Mo., Feb. 1.—A. H. Bressler, 70, a city employed sweeper of the Municipal Free Bridge, reported to the police today that an hour earlier he saw a man and woman leap from the bridge into the Mississippi river. Asked why he did not report the matter sooner, Bressler is quoted as saying he wanted to finish eating his lunch.

JUGO-SLAVIA VOTES TREATY WITH GERMANY

Belgrade, Jugoslavia, Feb. 1.—The chamber of deputies today voted a treaty of commerce with Germany which will regulate private facilities and prevent changes in the regime of imports and exports without previous notice.

RAILROADS IN BETTER SHAPE

W. G. McADOO SAYS Former Director of Roads Appears as Witness

(By The Associated Press)

WASHINGTON, Feb. 1.—The railroads of the country were in better physical condition at the end of the period of federal control than they were when taken over during the war, W. G. McAdoo, war time director-general of railroads today told the senate interstate commerce committee in giving an accounting of his guardianship of the properties during 1918.

Mr. McAdoo contended railroad labor had been loyal, remaining at its post when more lucrative employment was offered in other industries and that wage increases made while he was director general were not excessive, but subsequently were further increased.

The railroads when turned back to their owners, he declared with 2,006 more locomotives, 26,815 more freight cars and 1,051 more passenger cars than they had possessed at the beginning of federal control, "were in condition to meet the heaviest traffic demands in their history."

"The credit of the railroads was destroyed before the war," Mr. McAdoo said, quoting statements by railroad executives. The executives, he added, did not produce under federal control the results as to revenue and operation they had brought about prior to that time.

The railroads were permitted to continue for four months after federal control was established with little interest in the way of management, said Mr. McAdoo, but the regional reorganization, he contended, was necessary in May, 1918, when he "became convinced that the managements of the railroads by the railroad corporations could not produce desired results."

ARBUCKLE'S CASE GIVEN TO JURY

(By The Associated Press)

SAN FRANCISCO, Cal., Feb. 1.—The case of Roscoe C. (Fatty) Arbuckle, accused of manslaughter in connection with the death of Miss Virginia Rappe, went to the jury at 3:42 p. m. today, after a trial covering three weeks. It was his second trial on the charge, the first having resulted in a jury disagreement.

Miss Estelle Baumelster, one of the two alternate jurors excused when the jury retired, said that in her opinion Arbuckle is "not" guilty. Henry Ottenberg, the other alternate, declined to express an opinion.

The defense inserted a sensation into the proceedings by announcing it would submit the case to the jury without arguments. It was this action which accelerated the case so that the jury was able to begin deliberating a day earlier than had been anticipated. The announcement came at the end of the first argument by the prosecution, made by Milton T. U'ren, assistant district attorney. It has the effect of shutting off further argument by the prosecution as under the law such further argument can only be a rebuttal of the final defense summing up.

TO GIVE ENGINEERS TEST FOR ALTITUDE

NEW YORK, Feb. 1.—Besides qualifying in scientific skill, engineers now may have to pass altitude tests.

Nine British and American scientists headed by Dr. Joseph Bancroft of Cambridge University, returned today from the Andes, with data on what constitutes psychological fitness for work on mountain tops. Results of observation among natives and whites will be compiled for the benefit of engineering and commercial interests that candidates for foreign fields may be properly examined.

By previous arrangement the medical men met on December 17 and proceeded to climb mountains 17,000 feet high.

ARMS CONFERENCE GAVE APPROVAL TO TREATIES YESTERDAY

Limit Navies and Restrict the Use of New Agencies in Warfare—Naval Treaty is Presented by Secretary Hughes—Submarine and Gas Treaty is Read by Elihu Root

(By The Associated Press)

WASHINGTON, Feb. 1.—The Washington negotiations for limitation of armament reached their consummation today when a plenary session of the arms conference gave definite and public approval to the two treaties limiting navies and restricting the use of new agencies of warfare.

One of the covenants thus sealed after eleven weeks of debate establishes a fixed ratio of capital ship strength between the five great powers and the other pledges them against unrestricted submarine warfare and use of poison gas. Within a day or two the plenipotentiaries of the United States, Great Britain, Japan, France and Italy will formally affix their signatures.

The far eastern wing of the conference moved toward completion of its tasks by announcing officially the terms of the Shantung settlement and by giving final approval to nine of the resolutions adopted in committee in regard to Chinese problems.

The agreement on Shantung has been put into a draft treaty between Japan and China and the other far eastern settlements are to be embodied in at least two general conventions which will come before the conference soon.

As soon as Japan's intention to withdraw from Shantung had been definitely stated the British announced formally for the first time that their government was ready to hand back to China the leasehold of Wei-Hai-Wei. The French let it be known tonight that they expected to treat directly with China over possible retirement from their leased territory at Kwangchow-Wan, a decision which appeared to becloud the prospect of any general conference agreement regarding the Chinese leased territories. Two other conference projects, one relating to the Chinese eastern railway and the other to the prohibition of importation of arms into China also encountered serious obstacles today. The Japanese made some technical objections to the Chinese eastern proposal, which with Chinese and French opposition to some features, resulted in appointment of a Franco-Chinese sub-committee to consider a compromise. The Italians and Japanese presented such pertinent reservations to the arms importation resolution that it was virtually decided not to press it for adoption.

The five power naval limitation treaty whose text was made public for the first time with its submission to today's plenary session contained no surprises and was approved by the conference without general discussions. Its terms which had been forecast by published accounts of the negotiations provide for a 5-5-10-10-5 capital ship ratio for the United States, Great Britain, Japan, France and Italy, respectively impose various restrictions on the size and armament or other type of warcraft and establish a fortifications status quo in the Pacific.

Sub and Gas Treaty.

In the separate submarine and poison gas treaty an attempt is made to outlaw submarines as commerce destroyers and to prohibit chemical warfare altogether. The language of the convention follows almost exactly the terms of the Root resolutions adopted by the armament committee.

Secretary Hughes presented the naval limitation treaty to the conference and explained its provisions and declared it preserved without vital change the American limitation proposal laid before the opening meeting of the conference by him on November 17.

PACKING HOUSE WORKERS ARE ENDING STRIKE

See Only Hardships for Families in Longer Holding Out

(By The Associated Press)

KANSAS CITY, Kans., Feb. 1.—Six hundred packing house workers voted unanimously at a mass meeting today to end the strike here which began Dec. 5.

John Blaha, a vice president of the meat cutters' union and strike leader here read a recommendation from the national committee that the strikers vote to return in view of the fact that to remain out of work would only work hardships on their families. Two thousand workers are said to be idle here.

Large numbers of strikers were seeking their old jobs at the local plants today, but were generally not with the statement that those hired when the strike began will not be discharged to make room for them. Superintendents asserted that no discrimination will be made against the strikers when vacancies appear.

Will Abandon Strike.

Sioux City, Iowa, Feb. 1.—Members of the packing house unions by a vote of 8 to 1 tonight decided to abandon the strike and to seek re-employment at their former positions tomorrow morning.

Workers Favor Strike.

Fort Worth, Texas, Feb. 1.—District President John Malone today called off the packing house strike in Fort Worth. He issued this order despite the fact that the strikers voted almost solidly in favor of continuing the strike.

Strike Called Off.

East St. Louis, Ill., Feb. 1.—The strike of packing house workers here was called off today following a mass meeting of strikers.

FAMINE IN RUSSIA GROWING MORE SERIOUS

(By The Associated Press)

GRNEVA, Feb. 1.—Famine has reached such a terrible degree in the Orenburg district of Russia, that people are eating their children, says a telegram received today from a representative in Moscow of Dr. Fredtjof Nansen, head of the international committee of Russian relief.

The telegram was based upon information received from a Russian representative attached to the American relief administration at Orenburg. The following authentic examples, says the telegram, occurred in the village of Tulsikova, Commune of Ardolanovsky, canton of Yarmatsky.

A man ate the corpse of his brother. A woman ate two of her children and a man devoured his daughter.

Other cases of cannibalism were reported from the district of Gorny, near Orenburg.

their efforts to secure allowances from the government and increased freight rates. Probably both view points are biased, and it will take a third one to get at just the exact facts in the case.

A union of the miners and railroad men's organizations would have the basis of a very strong combination, controlling transportation and an essential commodity. However, such a coalition is not likely to take place. So many members of the miner's organization are foreigners and not of the best type that the railroad workers will not consider themselves on the same level.

The lines of work and the working conditions have nothing in common, in addition to this difference of personnel, so that the combination program doesn't sound feasible.

Mr. Lewis is talking about such a union is probably casting about for some new club to use in the coming conference between mine operators and the representatives of the miners.

It was unfortunate that the Morgan County Tuberculosis Sanatorium could not be put into operation entirely from tax money. From another viewpoint the fact that individuals and organizations have taken the sanatorium so much upon their hearts that the equipment has been made possible, is a fortunate circumstance. The interest of these friends has been permanently enlisted and they will feel a sense of ownership in, and responsibility for, the sanatorium which would not have been true if these contributions had not been made.

Still other equipment is needed and other gifts will be made, so it is quite in line with the facts to suggest that the lack of sufficient funds may have been a blessing the somewhat in disguise.

RED CROSS PROGRAM GIVEN AT CONCORD

Successful Meeting Held Under Auspices of the Nursing Activities Committee.

Better late than never, is the motto of the Morgan County Nursing Activities committee, as the members proved last evening when they pulled into Concord for the regular monthly meeting of the organization. The condition of the roads made the trip from Jacksonville to Concord an hour in length. They arrived in time to see part of the interesting health program presented by the Concord schools, and to enjoy the delicious cafeteria supper served afterwards by the Red Cross ladies of Concord vicinity.

The Nursing Activities Committee has an enviable record for keeping its appointments and meetings. No matter what the weather conditions, the meetings have been held and carried out as per schedule without exception.

Program by Pupils.
The following is the program presented by the pupils of the schools under the direction of their teachers, Miss Virginia Entiken and Miss Gail Nickle:
Song by the school.
A Little Walk Around Yourself. Recitation.
Mary's Cold. Recitation.
I Am Forever Growing Stronger. Solo.
The Road to Happiness. Recitation.
Two Types. Recitation.
Johnny Wouldn't Use His Toothbrush. Solo.
A Toast to Milk.
If You Don't Watch Out, Recitation.
Our Red Cross Nurse. Recitation.
Songs by the School.
We are Modern Health Crusaders.
Gold Star Winners.
There's a Long, Long Trail.
The Three Bears, a Story.
A play entitled Miss Fresh Air. Visiting Nurse, in one scene.
Characters—
Miss Fresh Air.
Mary, the tuberculosis patient.
Darkness.
Dirt.
T. B.
Dr. Fake.
Dr. Sunshine.
The play was an admirable object lesson of good health habits for both young and old.

Miss Grace Carter presided as soon as the Jacksonville people arrived, as chairman of the committee, and after a few remarks of regret for not being in time to enjoy all of the program, called on Miss Ryman, the city nurse. Miss Ryman read Miss Riecke's report, as Miss Riecke has been called to her home in Connecticut. Miss Ryman then took up the subject of hot lunches in the schools, and explained the advantages of this idea, and the easy manner in which the trouble can be disposed of.

Dr. McLin, of the state hospital staff was asked to make a few remarks on clinics. He took for his topic the mental clinics as conducted at the State Hospital and also expressed his approval of public meetings of the committee, declaring them beneficial to both the children and the parents.

The Red Cross Record.
H. J. Rodgers, as chairman of the local chapter, then told the people of the work of the Red Cross through the entire world, wherever fire, flood or pestilence or any kind of calamity occurs. He also explained how the Red Cross organization is maintained and of the distribution of the funds. The clinics conducted by the Clinician Association were also discussed. He told of the double advantage of these clinics, education for the doctors, and means of giving proper attention to patients that would not otherwise be able to have an operation or an examination. Mr. Rodgers expressed the attitude of the Jacksonville organization toward all of the Morgan County branches as being one of hearty co-operation and good will.

Several reports were read by Miss Mount, the secretary, which told of the accomplishments of the committee during the month.

It was with much regret that Miss Carter announced that the musicians from the Blind had decided at the last moment not to come as previously arranged. The bad road conditions prevented their coming. They were to give several vocal and instrumental numbers.

The meeting adjourned to meet next month in Woodson. Every one of them enjoyed the delicious supper prepared by the Red Cross ladies, who are certainly champion pie makers. The whole meeting was highly successful in spite of all of the adverse conditions and shows that the people of the county are back of the work of the Morgan County Nursing Activities Committee.

En route to the south they will stop at Toledo, O., to visit their daughter, Mrs. James G. Capps, Jr., and also at Washington, where their daughter, Miss Marjorie, is a student at the Colonial school.

HARMONY SCHOOL DISTRICT HONORED

Is Recognized by State Department for Superior Merit—State Supt. Blair and Others Took Part in Program Commemorating the Record Made.

Chapin, Ill., Feb. 1.—Harmony School No. 93, located 11 miles northeast of Chapin, has been given high honors. The department of education of the state has recognized this particular district as one of superior merit. Harmony School No. 93 has the first honors of all the school districts in Morgan county and ranks thirty-fifth of all the school districts in the state.

This is an honor that not only pleases every Morgan county citizen but especially does it please the patrons and all persons living in District No. 93.

In recognition of the distinction given the school the patrons and children of the community held a meeting at the school Tuesday evening and it is estimated that 125 persons were present. In addition to the local turnout there were present State Superintendent Francis G. Blair and County Superintendent H. H. Vasconcellos.

Superintendent Blair gave the principal address of the occasion. Director Harold P. Joy made very appropriate remarks along the line of the appreciation the people of the community felt by being honored by having their school district given such distinction and the other directors of the school, Truman Cowden and Irvin Aufdenkamp, also made appropriate remarks.

There were also present two persons who were members of the first class ever taught in the district, Mrs. Emily Cowden and George Fox and they compared the school of their day with that of the present.

Other speakers were Superintendent H. H. Vasconcellos, Principal Hess of the Chapin Community High school, Miss Mary Black of the Chapin grade school, and Miss Amy Onken of Chapin.

Mrs. Grover Smith is the teacher of Harmony District No. 93 and to her great credit is due that such a distinction has been given the district.

Mrs. W. R. Zahn, president of the Parent-Teachers Association, presided during a part of the session and introduced Harold P. Joy as toastmaster.

State Superintendent Francis G. Blair gave the principal address of the evening and while he spoke along educational lines, the address was largely reminiscent of his early educational advantages and disadvantages and later of schools he had dedicated in the state with many interesting anecdotes connected with them. He explored the spirit of the state which gave so liberally to armament and withheld the means for education.

Speaking of the millions who had lost their lives or been horribly maimed in the late war, he referred to the children of the public school as the rainbow of hope and cheer after the storm of war.

At the close of his address he presented to the county superintendent the Superior School diploma to be framed and placed on the walls of the building and kept there so long as the conditions were fulfilled. He then presented to Mrs. Grover Smith, the teacher, a sign "Superior School," to be placed outside on the building.

WOODSON HOUSEHOLD SCIENCE CLUB MEETS
Members of the Woodson Household Science club were entertained Wednesday afternoon at the home of Mrs. Emma Self. Members responded to roll call by naming a mineral matter in the body and a food in which it is found.

The paper of the afternoon was presented by Mrs. Ben Smith, the theme being "Food Value of Minerals." Misses Maurine and Eloise Self gave a group of songs which contributed much to the enjoyment of the meeting. Another pleasing musical feature was a duet by Mrs. Nettie Ezard and Mrs. Emma Self. A demonstration of drop cakes was given by the hostess.

At the business session the treasurer reported the payment of the entire pledge of \$100 toward the Morgan county tuberculosis sanatorium.

After the program came a pleasant social hour and the serving of delicious refreshments. Two new members were welcomed into the club at this meeting.

REVIVALS IN GREENE COUNTY NUMEROUS

Various Churches Have Conducted Special Revival Services During Recent Months—Meetings at Hillview Just Closed.

White Hall, Feb. 1.—A religious revival of considerable proportion has just been brought to a close in the Baptist church at Hillview. They were in progress five weeks in charge of Rev. John Alexander of Walkerville, pastor at Hillview, and there were forty-four conversions up to Sunday night, the subsequent sessions seemingly justifying the close of a most successful campaign. The Sunday school had an attendance of 143. A delegation went down from White Hall Sunday as guests of C. A. Whiteside.

A number of revivals in rural communities during the present winter have been conducted by local preachers and pastors, and there have been no evangelistic efforts in the larger communities. Yet there has been a gradual and substantial awakening in the interest of the church in general that does not follow the work of the average evangelist. The leading denomination in Greene county is the Baptist. There are twenty-seven Baptist churches in Greene county, of which number fifteen churches are without pastors. The first church at White Hall recently employed a pastor from a distance who is soon to be on the field, in face of the fact that there are fourteen Baptist ministers residing at White Hall including those who have not been regularly ordained. The success of the church appears to largely depend on the laymen. This is indicated in the record of the first church since it became pastorless. The enrollment of the Sunday school is 225, and the attendance has reached 220, with a mens class that is the largest thing of the kind in the county, the result of a laymen's movement. According to this, the pastor had well look to his job and leave the professional evangelist severely alone.

Featuring
Lewis Stone
Mabel Julianne Scott
and
Charles Clary

"Don't Neglect Your Wife" a drama of San Francisco society and New York's Five Points. It is one of the most perfect productions ever made—and "ever" is a long, long time. Night after night she sat alone, waiting. Was this the man who had courted her with such passionate devotion but a few months before? Neglect, the withering breath which kills the flower of love, was destroying her happiness, just as it has destroyed the happiness of countless women since time immemorial.

Don't Let Your Eye Deceive You

Don't think because you used to get 16 oz., or a full pound when you bought a can of baking powder that you are getting it today.

The can may look as large as it used to, but is apt to contain 4 oz. less. Some manufacturers of baking powder have reduced the number of ounces in the large can from 16 oz., or a full pound, to 12 oz., or 3/4 of a pound.

That's why you should be careful when you buy baking powder—you may be paying for what you think is 16 oz., or a full pound, and find that you are 4 oz., or a 1/4 of a pound short.

There is no change in the size of the Calumet can—always did and still does contain 16 oz., or a full pound of baking powder.

It is the best that science can produce—stands the test of daily use.

TEN MINUTES WITH THE GULBRANSEN AND I WAS ENTHUSIASTIC.

"I imagined—as many people do—that a player-piano was simply a mechanical instrument that ground out tunes—much as a machine turns out bolts!

"But after the salesman had me sit down and play the Gulbransen, I changed my idea. I found the Gulbransen a finished musical instrument—a tremendous advance over the player-pianos I had known in years past.

"I became enthusiastic. I wanted it for my home."

"Now that I have it I am more pleased than ever. Between business and social duties I never had much time for music. But in a few evenings Gulbransen Instruction Rolls taught me to play—well. In fact, better than my wife, who has taken lessons for years.

"I bring out every shade of expression I desire—I do everything the pianist of ability does—without the tedious finger work."

Why not make this man's experience yours? At any rate, call and let us give you an actual demonstration.

ALEXANDER WOMAN DIED WEDNESDAY

Mrs. Elizabeth Stubblefield Passed Away at Home of Daughter—Funeral Services Friday.

ALEXANDER, Feb. 1. — The death of Mrs. Elizabeth Stubblefield occurred at 4:15 o'clock on Wednesday afternoon at the home of her daughter, Mrs. E. E. Mason of Alexander after an illness of ten days.

The decedent was one of the pioneers of Morgan county. She was the daughter of Mr. and Mrs. Jacob Sandusky and was born in the year 1836. At the time of her death Mrs. Stubblefield was 85 years, 11 months and 21 days old.

At the age of 14 years the deceased united with the Baptist church, and during all the after years she was a faithful servant of the Master. She was devoted to home and family but did not confine her interests to these and was always mindful of the welfare of her friends and the community in which she lived.

Mrs. Stubblefield was united in marriage to Joseph Stubblefield, December 22, 1853. Eleven children were born to them, five of whom preceded her in death, as did also her husband.

The surviving children are a daughter, Mrs. E. E. Mason, with whom decedent had made her home for the past fourteen years; Harvey and James of Jacksonville, John N. of East St. Louis, and T. N. and Ted of Oklahoma City. There are seventeen grandchildren and four great-grandchildren living.

The funeral will be held Friday morning at 10 o'clock at the M. E. church, Alexander and burial will be made at Antioch cemetery.

The funeral will be in charge of Rev. M. L. Pontius of Jacksonville assisted by Rev. Samuel Graves, pastor of the Alexander M. E. church.

KNIGHTS WILL PLAY NEW BERLIN TONIGHT

Hook Up With Fast Team From Sangamon County—Game Will Be Played in Liberty Hall.

The Knights of Columbus basketball team will hook up with the New Berlin speed boys in Liberty Hall this evening.

Much interest is attached to this game as this team played the Dokays Monday night and the Knights and Dokays are scheduled to play the first of their series for the city title next Monday evening.

The Knights have been working hard for the contest and are going to try and make a better showing against the New Berlin team than the Dokays did. The game will be called at 8:15 o'clock sharp.

Manager Hosp of the Knights said last night that he would be able to announce the lineup which will be used in the Dokay game Monday.

C. OF C. NOTES.

The Board of Directors of the Chamber of Commerce will meet this evening. County Engineer Baldwin has been invited to be present and discuss with the board the probable cost of the Meredosla bridge improvement. There will be several other matters of importance decided at this time. The finance committee will make its report.

There will be four membership meetings during the month of February. On the 10th there will be a get-together meeting of the traveling men of the city with the members of the Chamber of Commerce. A Forum meeting will be held on the 14th to discuss the housing situation. Several out of town speakers will be obtained for this meeting. On the 16th a joint meeting of the Farm Bureau Rotary and Kiwanis club and the Automotive Dealers' association with the Chamber of Commerce if the arrangements go thru. On the 25th another Forum meeting will be held to discuss the extension of the city water mains. Jacksonville will be represented at the State Association of Commerce meeting, which convenes in Aurora on February 23 and 24.

Several members of the Chamber of Commerce will attend the meeting of the Ocean to Ocean Highway association to be held in Springfield February 13th. General Pershing will be the principal speaker.

Many inquiries are coming into the Chamber regarding stocks and bonds for sale in the city. Thru the State Chamber of Commerce any citizen may have the standing of the companies back of the stocks and bonds for sale investigated.

Miss Amy Bowman and C. E. Bowman of Chicago are visiting at the home of their sister, Mr. and Mrs. John Kastrup on South West street.

ARMS CONFERENCE GAVE APPROVAL TO TREATIES YESTERDAY

(Continued from Page 1)

12. He was followed by Albert Sarraut, head of the French delegation, who disclaimed for his country the militaristic purposes he said had been attributed to it during the Washington negotiations. Then the roll of the five powers was called and unanimous approval of the treaty given.

The submarine and poison gas treaty was read by Ellhu Root, author of the proposals on which it was based. The covenant, he said, must rest for fulfillment upon the humane public opinion of the world, which he trusted to overthrow the predictions of the cynical, that the rules laid down would be violated whenever any power in the future found itself with its back against the wall.

The only other speech before the formal vote of approval was made by Senator Schanzer for Italy who voiced general approval of the two treaties.

With even briefer discussion, the far eastern resolutions were accepted. Secretary Hughes, chairman, laid into the record the nine Chinese resolutions, hurrying thru their favored phraseology.

Marvin Thompson of the Alexander neighborhood was listed among business callers in the city Wednesday.

EIGHT TREATIES ARE CONFERENCE RESULT

(By The Associated Press)

WASHINGTON, Feb. 1.—Unless present plans are changed, the Washington conference will give to the world eight treaties to seven of which the United States will be a party.

This is the list:

Four Power Pacific Treaty, signed December 13.

Five power naval limitation treaty, ready for signature.

Five power submarine and poison gas treaty, ready for signature.

Six power treaty allocating German Pacific cables, drafting.

Nine power treaty on Chinese tariff, drafting.

Nine power treaty on other Chinese questions, drafting.

American-Japanese treaty regarding Yap, virtually ready for signature.

Chinese-Japanese treaty regarding Shantung, near completion.

PHYSICIANS MUST REGISTER BIRTHS

(By The Associated Press)

CHICAGO, Feb. 1.—Illinois physicians who do not register births will be severely dealt with, I. D. Rawlings, head of the state health department who has just completed an extensive investigation announced today.

"We are launching the most thorough birth registration campaign ever conducted in Illinois," he said "and before we are thru I fear many doctors will find themselves in court."

Mr. Rawlings said that in most cases doctors simply neglected to make the reports, but characterized such action as "criminal neglect" because of the importance of the records.

ENGINEER WILL BE TRIED NEXT TUESDAY

VALPARAISO, Ind., Feb. 1.—William S. Long, of Jackson, Michigan, engineer of the Michigan Central train which was in a collision with a New York Central train at Porter, Ind., last February, the wreck resulting in the death of 37 persons, will go to trial here next Tuesday.

Prosecutor J. S. Bartholomew stated today Long is under indictment for involuntary manslaughter. According to the prosecutor, there is a possibility that the case will be dismissed if the state is unable to bring three witnesses who reside in Michigan into court.

CARDINALS NOW IN SECLUSION TO ELECT POPE

(By The Associated Press)

ROME, Feb. 1.—The cardinals comprising the sacred college are entering into seclusion this evening for the conclave to elect a successor to Benedict XV, the sessions of which began tomorrow. The opinion prevails in vatican circles that the conclave will be of short duration and that the new pope will be chosen from among the moderates.

By those in close touch with the preliminary proceedings it is declared that neither the so-called "irreconcilables" nor those constituting the "peace party" will have a chance to elect their candidate without the assistance of the moderates. The five French cardinals are said to favor the continuance of the policy of the late pope and will vote for a cardinal of the moderate group. The other foreign cardinals generally are understood not to desire to join with either side among the Italians and will vote for a moderate.

Supplies of food have been stored within the vatican sufficient to last 350 persons during "a seven days' siege," according to the expression of a vatican attendant.

BIRTHS

Born to Mr. and Mrs. P. A. Heneghan at Our Savior's hospital Wednesday night, a son, Phil, Jr.

COMPARATIVE CONDITIONS

While conditions in the farming community have not been as favorable here as people could desire, there are evidences that conditions are better than in many communities. While there have been some sales of corn in Morgan county, the greater part of the crop is still in the hands of the farmers. This means that the hope of securing at least a little better price later on. It is said further that 40 cents a bushel or a price a few cents higher would result in a great deal of activity.

In the other communities referred to a great deal of the corn has already been sold. This means that the average farmer here while feeling the pressure for money, has not found it necessary to sell, while in the other communities the farmer has sold his crop, regardless of the price, faced with the necessity of raising money.

FEDERAL AGENTS IGNORED ROBBERY TIP

CHICAGO, Feb. 1.—According to William Fahy, postoffice inspector, federal agents received a tip five weeks ago to be on the watch for a mail robbery at Whiting, Indiana, where automobile bandits today held up Joseph H. Swartz and escaped with several pouches of mail.

Mr. Fahy said a man called him on the telephone and gave him the names of five men and details of the plans for the robbery. It is said the mails were watched for a time but as nothing occurred the guard was abandoned.

It is believed the bandits were attempting to secure the payroll of the Standard Oil Company but had the wrong information as to when it was to be sent. The mail sacks are not believed to have contained any large amount of money.

OFFICERS TRANSFERRED

WASHINGTON, Feb. 1.—Assignment of Major General Francis J. Kernan to command of the 7th corps area headquarters at Fort Crook, Neb., was announced today by the war department. General Kernan recently was relieved of the command of the Philippine department.

CONFESSES TO MURDER BEFORE TRIAL BEGINS

EDWARDSVILLE, Ill., Feb. 1.—Arthur Dorman, 38, today confessed in circuit court to the murder of his wife, after four jurors had been selected to hear the case. He was sentenced to serve from one year to life imprisonment.

The body of Mrs. Dorman, with head crushed, was found in a shallow grave in a wheat field north of Granite City on June 16, 1921. It was first identified as that of Mrs. Serena Gilliland, whose husband was arrested and later released. Mrs. Gilliland was later found in Cincinnati with her small son. The second identification resulted in the arrest of Dorman.

OLD TROJAN TO BE GLEASON'S ASSISTANT

(By The Associated Press)

CHICAGO, Feb. 1.—Johnny Evers, the veteran National League player and former manager of the Chicago Nationals today signed a contract to become assistant manager of the Chicago American League baseball club.

Evers will report to Manager Gleason in time to accompany the first squad of White Sox players, which will include the batterymen and a few of the regular infielders who will go to Hot Springs before joining the main squad at the regular training camp at Seguin, Texas.

The signing of Evers by President Comiskey will be a big help to Manager Gleason. Evers, it was said, will devote his time to the coaching of the young players, while Manager Gleason will give most of his time to the young pitchers.

COLLEGE ATHLETE OUISTS DUE "PROFESSIONALISM"

Berkeley, Cal., Feb. 1.—Announcement made today by Graduate Manager J. A. Nichols that Irving "Crip" Tomes, star half back on the California football team and catcher on the baseball team for two years was done with collegiate competition and would not play with the baseball team this spring, although Tomes voluntarily quit athletics after playing in a game of football at Fresno in which professional football players took part. No official action has been taken by authorities.

MURDERERS FOUND GUILTY

SALEM, Ill., Feb. 1.—Mrs. Grace McConnell and Tate Harmon, who were jointly tried on charges of murdering Cal McConnell, the woman's husband were today found guilty and sentenced to serve 14 years in the state prison. Testimony said the killing was the result of a love triangle.

Miss Elizabeth Doolin has returned to her duties at Illinois Woman's College after a few days spent at her home in Murrayville on account of the illness of her mother.

L. F. O'Donnell left last night for Chicago to attend the automobile show being held there this week.

Mrs. Joseph McGowan is ill at her home on South Clay avenue.

FUNERALS

The funeral of Oliver S. Green was conducted at 10:30 o'clock Wednesday morning at the Reynolds chapel, in charge of Rev. M. L. Pontius, pastor of Central Christian church. A great many of Mr. Green's old time friends in Jacksonville and the surrounding territory gathered to pay this last tribute of respect to his memory.

Mr. Pontius read appropriate passages of scripture and referred briefly to the useful and earnest life that had come to a close.

The interment was in Diamond Grove cemetery. Flowers were cared for by Misses Alice and Minnie Green. The bearers, all relatives of the deceased, were Frank, Edward and Clark Green, Homer, Edward and Charles Cully.

WOULD LEGALIZE BEER AND WINE SALES

WASHINGTON, Feb. 1.—Legislation that would legalize the sale of beer and light wine was advocated in the senate today by Representative Brennan, Republican, Michigan, who declared that a beer tax of 20 cents a gallon would yield enough revenue in four years to pay a soldier bonus.

Greater respect for law will result if the Volstead act is made less drastic, Mr. Brennan asserted.

SALEM, Ill., Feb. 1.—The trial of Edward Lex Hall, charged with the robbery of the State Bank of Iuka, December 20, last, was begun before Judge Wright of Effingham, here today.

WORLD IS FLAT SAYS ZION HEAD

ZION, Ill., Feb. 1.—Wilbur Glenn Voliva, successor of John Alexander Dowle, as overseer of Zion and head of the Christian Apostolic Church, has completed the fixing of dimensions of his flat world, existence of which is now taught in the Zion schools.

According to Mr. Voliva the sky is a vast dome of solid material from which the sun, moon and stars are hung like chandeliers from a ceiling. The edges of the dome, he explained rest on the wall of ice which surrounds the flat world to keep foolishly hardy mariners from tumbling over the edge into oblivion.

"That is the plain teaching of the whole world of God," Mr. Voliva said. "Ezekiel says, 'The throne of God is above the vault.' The firmament above our heads is a solid structure, and the stars are points of light. They are not worlds, they are not suns. Scattered science is a lot of silly rot."

Mr. Voliva fixed the sun as being a small body about 40 miles in diameter and located only 3,000 miles from the earth.

NOW DO MY WORKWITHEASE

Because Lydia E. Pinkham's Vegetable Compound Restored My Health

Hornell, N.Y. — "I was in bad health but there didn't seem to be any one thing the matter with me. I was tired out all over and it was an effort for me to move. I was irritable and could not sleep nights and had trouble with my bowels and at my periods. It seemed that nearly every one around me knew of my medicine and wanted me to try it, so at last I took Lydia E. Pinkham's Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and improved every day. I do all my own work now except the washing and do it with ease. I can accomplish as much in a day now as it would have taken me a week to do last winter and I try to get every one I know to take your medicine to build them up. You are welcome to use this letter as a testimonial if you like."—Mrs. CHAS. BAKER, 21 Spencer Ave., Hornell, N.Y.

In almost every neighborhood there are women who know of the value of Lydia E. Pinkham's Vegetable Compound. They know because they have taken it and have been helped. Why don't you give it a trial?

FIRST ADMISSION AT T. B. SANATORIUM

Institution Opened Wednesday When Application of Fred Bottoms Was Approved—Board Arranged Brief Program Commemorating the Opening Date—List of Donors of Equipment

Wednesday, Feb. 1 was fixed for the opening day of the Morgan county anti-tuberculosis sanatorium and the application of one patient was approved. He is Fred Bottoms of Franklin, and he will enter the sanatorium in the course of the next day or two.

Dr. W. C. Martini, superintendent, has not yet arrived but is expected here Friday. A telegram received by Dr. Hardesty, secretary of the sanatorium board, announced the arrival of a daughter at the home of Dr. and Mrs. Martini in Chicago, and it was for this reason that the superintendent delayed his coming to Jacksonville for a few days.

At noon yesterday, members of the board of county commissioners, the board of trustees and two or three other persons who have been active in the work for the sanatorium, took lunch at the sanatorium, inspected the furnishings and considered some problems in connection with the future of the institution. After the excellent luncheon had been served A. A. Curry, president of the tuberculosis board, presided and there were two or three informal talks. Mrs. A. L. Adams narrated in a very interesting way something about anti-tuberculosis work in the county which began in 1904. Jacksonville and Morgan county have been leaders in anti-tuberculosis work. Mrs. Adams made mention of some of the more recent events in connection with the work and spoke of the devotion and interest manifested by organized groups of women in all parts of the county.

Former Chairman Speaks

William Batz, chairman of the board, expressed his pleasure at being present and congratulated the board and the various societies and clubs that have taken part in the movement which have made possible the opening of the sanatorium at this time. He said: "Without any doubt this sanatorium is one of the noblest things that Morgan county could give to mankind, and I am sure the revenue it will bring, not only in dollars and cents but in restored health. The benefits cannot be measured in money and I am sure that the community will be enthusiastic and continue to help in this great work."

"Realizing the great task that confronts the management and assistants, I pray that our Heavenly Father will grant them His blessing. You will need the assistance and interest of all Morgan county citizens and I hope and pray that it will be given. None of us know what is in store for us, or for our families, and we can only hope that none of them will ever be afflicted with this dread disease. But now we have the assurance that if such a time of illness comes that the best of care will be available. So I express my best wishes and pledge my support to the sanatorium."

Thanks to Societies

President A. A. Curry of the board closed the informal program in voicing appreciation of the splendid work done by the various clubs and societies in furnishing funds for equipping the sanatorium and making it available for use at this time. He spoke of the desire of the board to do everything in their power to make the sanatorium perform the work for which it intended in the best possible way.

Mrs. B. A. Weisman, who is head nurse at the sanatorium, arrived Wednesday morning from Chicago and Mrs. Agnes Shoemaker, associate nurse, has already entered upon her duties. Mrs. Dawson, the cook and other workers are also on duty.

As members of the board, A. A. Curry, Dr. T. O. Hardesty and W. R. Turnbull are devoting a great deal of time and thought to the sanatorium and they have the hearty support of the members of the county board. In the beginning the number of patients to be received from Morgan county will be limited to 12, but it is expected that at a comparatively early date the use of further equipment will make it possible

to care for a still larger number of patients. Pending the arrival of the superintendent, Dr. Hardesty outlined the bill of fare for the three meals of each day, during the coming week. The purpose will be to provide the food accounted best for tubercular persons. The menus for each week will be prepared in advance and the whole number for the year will be bound in a volume as a matter of record.

As has been stated from time to time, it has been possible to open the sanatorium now because of the interest and generosity of some individuals and a number of organizations. When the movement was started to bring about the furnishing in this way there was an enthusiastic response, especially from the women's organizations throughout the county.

List of Donors

The following is a list of the rooms at the sanatorium and the names of persons or organizations donating money for the furnishing of the same:

- No. 1—Chapin Woman's club.
- No. 2—Executive Board of Morgan County Federation.
- No. 3—Mr. and Mrs. Andrew Russell.
- No. 4—Murrayville precinct.
- No. 5—Oleans Country Club.
- No. 6—Strawn's Crossing Woman's club and Sinclair Country club.
- No. 6—Alexander Woman's club.
- No. 8—Morgan County Community Council.
- No. 9—Woodson Woman's Club.
- No. 10—Woodson Household Science Club.
- No. 11—Woodson Red Cross.
- No. 12—Murrayville M. E. Ladies' Aid.
- No. 13—Norbury Sanatorium—Vincent Riley.
- No. 20—Franklin Homemakers Circle.
- No. 21—Mound Woman's Club.
- No. 22—American Legion.
- No. 23—Jacksonville Woman's Club.
- No. 24—Jacksonville Domestic Science Round Table.
- No. 25—Waverly Woman's Club.
- No. 26—Dr. and Mrs. A. L. Adams.

Room No. 14, which is a six-bed ward, has not been furnished as yet, and the same is true of rooms Nos. 15, 16, 17 and 18.

The following have contributed smaller amounts or donated articles of furniture: Mrs. Ellen Russell Merrill, Miss McQuiston, Miss Mary Collins, Hary Hoffmann, Vannier China & Coffee House, County Court House, Berea Ladies' Aid, Helping Hand Class of Hebrew Church, Union Baptist Missionary Society, Women East of Jacksonville, George Schmalz. Other organizations have promised to furnish rooms and undoubtedly the whole building will be completely furnished by the generous citizens of Morgan county.

PLANS OUTLINED FOR NEXT AUTO SHOW

Automotive Men Reached Agreement With Howard Zahn For Use of Big Garage Building—Committees Named to Make Preparations

Jacksonville's third semi-annual auto show, Merchants and Manufacturers' Exposition will be held March 27 to April 1, inclusive, at Zahn's Auto Inn on East Court street.

This fact became known last night following a called meeting of the automotive dealers' association at the Dunlap Hotel, at which was ratified a lease entered into between the association and Mr. Zahn whereby, for a stipulated sum, the entire building including the dance hall on the second floor is taken over by the association for the period named.

The show will be under the management which, thru its several committees, will contract any indebtedness necessary for the proper decorating, lighting and handling of the show. All checks in payment for space will be made payable to the association and all bills will be paid thru its secretary.

Work Is Divided

To arrange and carry out the multitude of details in connection with this undertaking the following officers and executive committee were named, each of those mentioned to act as chairman of a sub-committee which probably will be selected from among the exhibitors:

J. G. Berger, general manager. Charles M. Strawn, assistant manager. S. W. Babb, decorations. E. W. Brown, Jr., music. Howard Zahn, dances. R. W. Blucke, wiring and lighting. J. F. Claus, booths and floor manager. W. J. Houston, city advertising. L. F. O'Donnell, country advertising.

Mr. Zahn has asked the committee to make headquarters at the inn and will co-operate in every way possible in making the coming show the greatest in all respects ever staged in a city of any where near the size of Jacksonville. Mr. Zahn will of course utilize his office space for the usual conduct of his business.

Attention was called to the fact that the floor plan of the Auto Inn will provide for about 160 spaces and of these some 75 have already been spoken for so, even tho the show is still some time in the future, it will be well for intending exhibitors to notify Mr. Claus so that he may present them the chart for a selection.

Shows Are Beneficial

There is no question in the minds of any but that these shows are very beneficial to the city, attracting many thousands here and providing recreation and education for the community.

The meeting last night was preceded by a six o'clock dinner and there were present as guests, A. C. Winkle of the Overland company; Attorney W. W. Wright and Harold Welsh, secretary of the Chamber of Commerce. A motion was passed that the association ask the Chamber of Commerce to co-operate with them in putting over the show and Mr. Welsh assured those present the aid desired would be promptly and gladly given.

Mr. Welsh also called attention to a booster meeting and supper to be held under the auspices of the Farm Bureau on Feb. 16 and asked the auto dealers support. This was assured.

Mr. Wright gave the members a most interesting outline of the new automobile lion law, explaining its intent and how a dealer should proceed to protect himself in the case of unpaid accounts for repairs, storage, parts furnished etc. A vote of thanks was extended to Mr. Wright for this courtesy.

"Saturday Night" is coming.

CARD OF THANKS

To the friends who assisted us in any way during the illness and after the death of our dear wife, daughter and sister, we express our deep appreciation and thanks. We will never forget the acts of kindness, the words of sympathy, and the many floral tributes.

INCOME TAX FACTS

In computing net income the taxpayer is permitted to deduct from gross income certain deductions for losses, bad debts, contributions, interest, taxes, etc. Deductions for losses include not only losses incurred in the taxpayer's trade or business, but losses connected with any transaction "entered into for profit," or if arising from fires, storms, shipwreck, or other casualty. Deductions for losses are allowable only to the extent that they are not compensated for by insurance or otherwise.

Losses arising from the destruction or damage to property acquired prior to March 1, 1913, are to be computed on the basis of the fair market price or value as of that date, unless the cost is less than such value, in which case the loss is computed on the basis of cost.

A new provision of the revenue act of 1921 is that in exceptional cases, and in order more clearly to reflect income, the Commissioner of Internal Revenue may permit the deduction of a loss other than in the year in which actually sustained. The taxpayer in his return, or an amended return, may deduct a loss only for the year in which sustained. If he desires to account for the loss as of another period, he must attach to his return for that year a request for consideration of the case by the commissioner, together with a

NOTICE TO TAXPAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

HAIR RIBBON DAY.

Yesterday was Hair Ribbon day at the High school. Some time ago Principal Shafer expressed the wish that the girls wear hair ribbons, and dress according to their age, instead of following the styles used by women years older. Accordingly the feminine part of the student body blossomed forth in hair ribbons of every hue, and did look younger.

Mr. Shafer was much pleased with the response and hopes that the girls will continue to wear the ribbons all year instead of just one day. Some of the boys also seemed to like hair ribbons, for neckties, but these members were quickly squelched.

RED PIMPLES ALL OVER FACE

Also Blackheads, Itching and Burning Terrible. Cuticura Heals.

"I had pimples and blackheads over my face which caused disfigurement. The pimples were large, red, and hard, and were scattered all over my face. The itching and burning were terrible and I scratched and irritated the pimples and could not sleep. The trouble lasted two weeks before I used Cuticura Soap and Ointment. I found relief and in five weeks I was healed, when I had used three cakes of Cuticura Soap and two boxes of Cuticura Ointment." (Signed) Miss Margaret E. Miketich, 58 Sixth St., Calumet, Mich.

AN ORDINANCE.

TO DEFINE GARBAGE AND REGULATE THE DISPOSAL OF GARBAGE AND ASHES, AND TO PROVIDE FOR THE COLLECTION OF GARBAGE AND ASHES.

Be it Ordained By The City Council of The City of Jacksonville, Illinois:

SECTION 1.—For the purpose of this Ordinance, Garbage shall be held and taken to be and include all animal and vegetable refuse, all tin cans or other receptacles, or containers which have held any animal or vegetable matter, broken crockery, glassware, metallic utensils and like materials.

SECTION 2.—It shall be unlawful for any person to throw or place any garbage, ashes or rubbish, whether or not the same is in a receptacle or container, upon any street, sidewalk, lawn, alley or other public place in the City of Jacksonville, or to permit or cause any garbage, ashes or rubbish originating upon premises occupied by him to be so thrown or placed, except as hereinafter specifically allowed.

SECTION 3.—It shall be unlawful for any person to place or deposit any garbage, or cause the same to be placed or deposited, upon any premises occupied by him, or permit the same to remain thereon, except in such receptacles and in such locations as are hereinafter provided.

SECTION 4.—The occupant of any premises in the City of Jacksonville shall provide for garbage a water tight galvanized or metallic can having a capacity of not more than twenty (20) gallons, which shall be equipped with a tight fitting lid of the same material and such can shall have a handle or handles thereon suitable for the lifting of the same. Said lid shall be kept on said can at all times when any garbage is contained therein.

Askes, if kept clean from glass and rubbish, may be deposited or put in a convenient place where a wagon can be loaded without having to handle twice.

It shall be permissible to erect and maintain a Concrete garbage or ash receptacle of approved pattern and tight construction, but such Concrete receptacle, in all cases be built on the premises of the owner with the face of the receptacle on the alley lot line. No such receptacles extending above the ground hereafter shall be erected on any street, alley, lawn or other public place.

SECTION 5.—No garbage, rubbish or other material shall be mixed or deposited with ashes, but all ashes shall be kept separate.

SECTION 6.—On all premises abutting on an alley, garbage cans shall be placed in the ground just inside the alley lot line at the most convenient point for the collector to reach the same. On all corner lots the garbage can shall not be placed nearer than twenty-five (25) feet to any street or sidewalk line. The provisions of this Section shall apply to ash containers when the same are used.

SECTION 7.—Where there is no alley, all garbage cans, and ash containers, if the same are used, shall be kept in the rear half of lots they shall be kept at least a distance of half the width of the lot from the street running along the side thereof.

SECTION 8.—The City Garbage Contractor shall not be required to take or dispose of yard or building rubbish.

SECTION 9.—All garbage shall

be drained of liquids before being deposited in the can.

SECTION 10.—Whenever any garbage can or receptacle, or ash container, shall become defective, it shall be immediately repaired or replaced by one in good condition.

SECTION 11.—No ashes, garbage or rubbish shall be hauled by the City Garbage Contractor, from any premises owned, occupied or controlled by any corporation or body possessing separate tax levying power.

SECTION 12.—No person shall engage in collecting or removing garbage within said City, except under the direction of the Health Warden, and it shall be unlawful for any person to interfere with, hinder or obstruct the removal of garbage or ashes by any person authorized to do so.

SECTION 13.—Any person, firm or corporation violating any of the foregoing provisions of this Ordinance, or refusing or neglecting to conform to or carry out any of the requirements hereof, shall be fined not less than One (\$1.00) nor more than Fifty (\$50.00) Dollars for each offense.

SECTION 14.—Immediately upon the publication of this Ordinance, according to law, the City Clerk shall advertise for bids for the collection and disposal of garbage during the remainder of the calendar year 1922, to be done and performed in accordance with the following provisions of this Ordinance, and thereafter during the month of November in each year, shall advertise for bids for the collection and disposal of garbage for the ensuing calendar year.

Such bids shall be requested and received for the doing of such work in each of the Wards as a separate proposition, and also for the doing of the work for the entire City, and the contract shall be let according to the plan which will be to the best interests of the City. The right to reject any and all bids shall be reserved in all advertisements for bids.

SECTION 15.—The successful bidder shall enter into a contract to collect and dispose of garbage, and rubbish, as hereinbefore defined, at the time and in the manner hereinafter provided, and shall execute a Bond in the sum of Five Hundred (\$500.00) Dollars, with good and sufficient security, for the faithful performance of such contract, and to save and keep harmless the City of Jacksonville from all suits, costs, claims, demands, loss, expenses or damages, either against the said City, or to which the said City may be put by reason of any injury or alleged injury to the person or property of any one whatsoever in the performance of said work.

SECTION 16.—Such Contractor or shall establish regular routes for the collection and disposal of garbage, ashes, tin cans or containers of food matter, and shall make collections of garbage in the residence districts of the City regularly once in each week from October 1st to April 1st of each year, and twice in each week from April 1st to October 1st in each year, and within the Fire Limits of said City of Jacksonville, as hereinbefore or hereafter established by Ordinance, shall make such collections of garbage at least twice in each week from October 1st to April 1st, and at least three times in each week from April 1st to October 1st. Such Contractor shall also make regular collections of ashes once in each month in all parts of the City.

SECTION 17.—Such Contractor or may at his option, dispose of said garbage, rubbish and ashes at the City Dumping Grounds.

SECTION 18.—The said Contractor shall be paid the contract price for his work in the following manner; that is to say; he shall receive one twentieth part of the contract price on the last day of the Month of January, February and March; on the last day of the contract price on the last day of April, May, June, July, August and September; one twentieth part of the contract price on the last day of October and November, and the balance of the contract price on the last day of December.

SECTION 19.—In the event that the said Contractor shall fail to perform the work so to be done by him, in strict compliance with the provisions of this Ordinance, and in accordance with his contract, the Mayor, with the approval of the City Council, may declare his said contract terminated, and in such event his Bond shall be forfeited and the City may retain as damages, all unpaid accounts due to or become due upon his said Contract, and may re-let such work or undertake the said work itself and charge any loss arising therefrom to the said Contractor and his bondsmen.

Passed and approved at a regular meeting of the City Council of the City of Jacksonville, Illinois, held this 30th day of January, A. D. 1922.

Approved this 30th day of January, A. D. 1922.

E. E. CRABTREE, Mayor.

Attest: J. E. SCOTT, City Clerk.

STOCK MARKET

By Associated Press.

NEW YORK, Feb. 1.—The stock market today resumed its dull and uneven course, various specialties establishing highest prices for the current movement while standard shares were dull and irregular. Any tendency toward general bullish operations was discouraged by the money market. Call loans opened at 5 per cent but advanced to six per cent at mid-day as a result of heavy February payments.

The activities of pools centered in such issues as American Ice, Gulf States Steel, United Fruit, Electric Storage Battery, Davison Chemical, Remington Typewriter, Kaiser, Central Leather, Hyde and Leather preferred, and Endicott-Johnson at extreme gains of 2 to 5 points.

United States Steel was unresponsive to the adverse financial statement for the final quarter and most kindred issues were equally apathetic. Copper and local fractions helped to steady the market in the final dealings. Further cuts announced by automobile manufacturers occasioned moderate selling of that group and Sears Roebuck became heavy following the publication of its January statement. Sales amounted to 100,000 shares.

British exchange continued its upward movement, demand bills being at the best price in over two years.

Liberty bonds advanced. Total sales (par value) aggregated \$11,375,000.

NEW BAGGAGE RULES
ON BURLINGTON R. R.
New baggage checking rules are to be effective on the Burlington, beginning March 1. Under the new regulations passengers who check baggage will be allowed the opportunity to declare the actual value of their baggage, thus being assured adequate protection in case of loss by theft or accident.
Under the old rule the liability of the carrier was limited to \$100 per adult ticket. The new rule will protect the traveler in that he will have the opportunity to declare the value of his baggage, and will also protect the road against claims for exorbitant amounts in event of loss of the baggage. Stamps affixed to the back of the passenger's check will indicate the amount of money paid for excess valuation.
Another rule is to the effect that small domestic pets, not exceeding a valuation of \$25, may be checked at a nominal charge of \$1.00 per case or cage.

STATE WARDS WILL BE GIVEN MENTAL TESTS

Children at School for Deaf and School for Blind in This City To Be Given Mental Examinations Under Direction of Experts of State Department.

A mental examination of the children at the school for the Deaf and the school for the Blind in this city is to be made under the direction of Dr. Herman Antler, of Chicago, head of the Institution of Juvenile Research. The examination will begin today at the school for the Deaf and it is the first one ever attempted with deaf children. Dr. E. K. Wicman, of Chicago arrived yesterday and will have charge of the inauguration work.

There are 435 children at the school for the Deaf and 225 students at the Blind, and all of these children will be given the tests. The survey is being made for the purpose of studying the mental development of these deaf and blind wards of the state. Col. O. C. Smith, managing officer at the school for the Deaf, asked that the survey be made here, as he felt that the data thus secured would be of great value to the teachers in placing the children where they can work to best advantage. Col. Smith is one of the chief supporters of a movement for the establishment of a state institution for backward blind and deaf children, and the data secured thru the survey will be presented to the legislature in support of this movement.

It is expected that the survey here will cover a period of three or four weeks, and will be in charge of the following: Harrison A. Dobbs, S. H. Tulchin, Carolyn Walker, Myrtle Raymaker, Phyllis Bartoline, Irene Sherman, Jean Edgerson and Dr. Clay, all of Chicago, and Jane Brown of Springfield.

There will be complete psychological, psychiatric and physical examinations of each child, the effort being to learn the cause of certain delinquency and bad behavior tendencies. The physical examinations will be in charge of Dr. George Baxter at the request of Col. Smith, and will be made in connection with the gymnasium courses.

The Institute of Juvenile Research is a branch of the State Department of Public Welfare, and Dr. Antler, its head, is state criminologist and an alienist of wide renown.

CLOSING OUT SALE
I will hold a closing out sale Thursday, February 9, at my farm southeast of Woodson, of horses, hogs, cows and farm implements.

HORSES IN DEMAND.
Old Dobbin, supposedly in the discard heap as far as transportation is concerned, again demonstrated his worth yesterday. The condition of the roads made cars almost useless in many localities, so Old Dobbin was brought into use again. Liverystable men reported that more horses were cared for and rented yesterday than has been the case for some time. It will doubtless be some time before the horse is not of practical value.

CLOSING OUT SALE

J. Reeve the program opened with two piano numbers by Mrs. Wood. The numbers given were: Forest Voices and Fairy Bark.

Prayer was offered by Mrs. Lukeman. The first chapter of the study book, Japan and Korea, was reviewed by Mrs. Wood. She explained and emphasized how important it is that the women of the United States and especially of Morgan county and our own home precinct to inform themselves

FATHER AND SON WEEK WILL START SUNDAY

To Be Observed by Churches of The City—Number of Programs Have Been Arranged.

Next week beginning Sunday will be observed as Father and Son Week by the churches of Jacksonville.

At the services Sunday morning the ministers of the various churches will preach special sermons and fathers and sons are expected to sit together during these services.

During the week various events will take place at several of the churches, and special programs have been arranged. On Monday February 6, the Congregational and Westminister churches will unite in a Father and Son banquet. Dr. Ozora F. Davis of Chicago will address the gathering as the principal speaker of the evening.

Dr. Davis is well known to the people of Jacksonville. He had delivered several addresses in the city and will be the forum speaker at the Congregational church Sunday evening. Dr. Davis' lecture will be on the subject "War Time Aims of Peace."

At the banquet Monday evening Dr. Carl E. Black will be the toast master and Rev. Thomas Smith will have charge of the singing.

"Saturday Night" is coming.

MATRIMONIAL

Hensley-Mullens.
The marriage of Orville Hensley and Miss Mary Mullens, both of this city, took place Wednesday afternoon, the ceremony being performed by Squire Theodore Arisman. Both bride and groom have many friends to extend their congratulations.

Stringer-Patterson.

Frank Stringer and Miss Beatrice Patterson both of Scott county, were united in marriage at 2 o'clock Wednesday afternoon by Rev. M. L. Pontius at his home on West College Avenue. The young people were unattended.

The bride is a daughter of Mr. and Mrs. Fletcher Patterson, well known residents of Scott county, and Mr. Stringer is a son of Mr. and Mrs. William Stringer, who are also prominent Scott county people.

Mr. and Mrs. Stringer will make their home on a farm near Murrayville, and begin their wedded life with the hearty good wishes of their friends.

WILL ATTEND HIGHWAY MEETING IN SPRINGFIELD

The Morgan county delegates to the meeting of the Illinois division of the Pike's Peak Ocean to Ocean Highway association will be T. M. Tomlinson, F. J. Heil and Harry Kintner. The meeting is to be held in the Chamber of Commerce rooms at Springfield on Monday, Feb. 13, and will be attended by representatives of Pike, Sangamon, Scott, Morgan, Macon, Douglas, Edgar and Piatt counties, as these are the counties thru which the highway passes.

Word received by Mr. Tomlinson yesterday was to the effect that General Pershing will be one of those on the program. An important matter to be given consideration will be the naming of four state delegates to sit on the national board of directors of the association. This will be the first state meeting held in Illinois since the reorganization of the association last year.

NEW SUBJECT AT HIGH SCHOOL

A new subject, vocational civics, is being offered at the High school this semester. This subject takes up things that people do to make a living, occupations, in other words.

Often the senior graduating from High school, has no definite idea of what he or she will do, or what would be the most congenial. If this is the case there has been a grave mistake made somewhere in that student's education. This vocational civics course is designed to furnish practical study along this line.

Reference material is being gathered. It is hoped to have everything complete for the course within a short time.

This course will enable the student to investigate the things being done by people to earn a livelihood, and the possibilities of advancement and remuneration. In short it will help the student to make an intelligent choice of a life occupation.

This course will make the student more valuable as a citizen. An intelligent basis for choosing a vocation will make the

student happier, and a better producer. Also having studied the qualifications and characteristics of so many occupations, he will have a broader and more sympathetic conception of his fellow men.

MR. J. HERMAN IS IN ST. LOUIS TO MEET HIS NIECE, MISS MARTHA STEINWAY ON HER WAY FROM MEXIA, TEXAS TO HER HOME IN NEW YORK CITY, AND WHILE THERE MR. HERMAN WILL PURCHASE SOME GOODS FROM NEW YORK REPRESENTATIVES FOR HIS READY-TO-WEAR AND MILLINERY DEPARTMENTS.

DIRECTORS OF RED CROSS MEET.

There will be a meeting of the Board of Directors of the Morgan County Red Cross chapter Friday evening at the Red Cross headquarters in the Public Library building. There will be important business. All members are urged to be present.

One third of your life is allotted to sleep. Do you get your share?

The most important period in the process of applying nutrition to the repair of the body is while you are asleep. For the most favorable transformation of digested food into nerve and cell tissue, so doctors tell us, sleep is absolutely essential.

Is it any wonder that those who suffer from lack of proper sleep are weak, pale and lacking in energy or ambition?

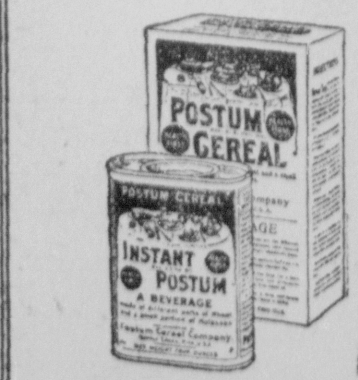

One of the causes of insomnia is nerve-irritation from tea and coffee drinking. Tea and coffee both contain caffeine, which has a tendency to cause undue stimulation. The irritating effect of caffeine often

results in insomnia, depression, and a weakened nervous system.

You can easily overcome these troubles by drinking Postum instead of tea or coffee. Postum is a delicious, satisfying cereal beverage, and it is absolutely free from caffeine, or any other harmful substance.

Ask your grocer for Postum. Drink this delicious, refreshing beverage for ten days. Then see if you do not feel better and more clear headed, and if you do not sleep better at night—as so many other people have proved for themselves.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.
